

LANCASTER HOUSE

In late 2015, Sign Plus acquired a property with a commercial purpose adjacent to our head office in Dalgety Bay, Fife. Set within tranquil coastal surroundings the 14,000sqft development has been fully renovated to become one of the most sought after commercial letting opportunities around. The property is easily accessible from the M90 motorway and boasts excellent internal and external finishing's that would enhance the aesthetic outlook of any business.

Rates start at £3 per sqft for Warehouse and £7 per sqft for Office unit classification, with this in mind we at Sign Plus believe there is a fantastic opportunity for like-minded synergetic organisations to create an established business hub which will become a focal part of the business community for years to come.

With units remaining up to 6,000sqft combined, any organisation looking to start out, expand or relocate within the region of Fife are requested to contact James Barbour or Gordon Miller for more information on 01383 823000.
